# Company Overview.

GEOSEIKA NIGERIA LIMYTRD was officially incorporated in 2023 as a result of the need to provide quality Engineering, Procurement, Construction and Management (EPCM) services to both the private and public sector of the Nigerian Construction Industry. We have a well developed management team involved in various projects including Engineering Design, Mechanical construction, Building construction, civil infrastructural development and oil and gas services.

Through our systematic problem solving approach, we are able to offer a complete design and build service providing effective solutions to many of today's construction related challenges in Nigeria.

## CORPORATE OBJECTIVE

GEOSEIKA shall provide innovative, value, and quality on all our projects and build long term trusted partnerships to create a world where lives are enriched through implementation of our ideas. We shall strive to meet and exceed our clients' expectations to foster long term partnerships.

We value our staff and create an enjoyable work environment which allows personal fulfilment that leads to a loyal and productive work force.

We use value engineering, effective construction practices and hard work to deliver our projects.

## OUR CORE VALUES

- Honesty and integrity
- Performance and team work
- Commitment to safe operations
- Sound ethics in all business dealings

## MISSION STATEMENT

Our mission is to deliver services to the highest level of professionalism and become a preferred indigenous content provider, building strength from our international partnership.

## VISION STATEMENT

To be the dominant Nigerian Company providing Engineering and design services to the Nigeria oil and gas industry and co-operate organisation.

### HEALTH, SAFETY AND ENVIRONMENT

It is the policy of GEOSEIKA NIGERIA LIMITED to provide Healthy and Safe working conditions and to continuously use safe and accident free operating practices that comply with National and International Regulations and relevant Standard Guidelines.

Management and all staff are expected to comply with HSE Procedures as embodied in the Company's Safety Management System (SMS) Manual at all times.

Every GEOSEIKA Employee shall take the necessary precautions to protect themselves, their Colleagues and the Environment.

### NIGERIA CONTENT DEVELOPMENT

As an Indigenous Company with international partnership, GEOSEIKA is completely in support of the Local Content Policy of the Federal Government of Nigeria.

It is our policy to maximize the qualified Nigerian Content such as personnel, equipment/facilities, materials, consumables, sub-contractor and services to be procured from Nigeria and Nigerian in cooperated company during execution of project.

Based on previous experiences and benefiting from the lessons learned through the execution of projects, we will provide the maximum Nigerian Content plan for our projects. Nigerian shall be given first consideration in employment and training opportunities, equipment and material.

### COMMUNITY RELATIONS

The main objective is to ensure better relationship with host community by employing efficient communication with both the host communities and the authorities, reducing and eliminating disruption during the project execution.

GEOSEIKA NIAGERIA LIMITED shall deploy the following approach:

- ! Proactive resolution of dispute and misunderstandings
- ! Community assistance projects
- ! Use of Local Labour
- ! Problem of land acquisition
- ! Communicating with host community and authorities
- ! Employment of Community Liaison Officer (CLO)
